Our
Children's
Future*

A Message to our Parent Community

Dear Parents;

We are delighted and honored that you are considering St. Stephen's Parish Pre-School for the beginning of the formal educational development of your child. Our objective is to provide a solid base of supervised and carefully designed social interaction, encouragement in self discovery of gifts and abilities, and the building of a positive experience from the joy of learning.

The St. Stephen's church community has been an integral member of this neighborhood for over 35 years. In 1978 this church opened its pre-school, St. Stephen's School, which eventually became independent and expanded to provide pre-school through 8th grade educations to thousands of students through its 30 year history.

We are the proud forebearer, and now the successor of that rich tradition of education and caring for our children. Indeed, we join with you in 'celebrating our children's future'.

We hope this brochure answers your initial questions about education at St. Stephen's pre-school. After reading this, please feel free to call us with any remaining questions. We are eager to serve you and your child.

Our Culture

- *Our preschool curriculum is the product of Mrs. Sue Nielsen's more than 30 years of experience in staff and faculty positions at an Episcopal School.*
- *This Parish Pre-School is an Episcopal School, placing the highest value on academic learning, celebrating the individuality of each student, embracing diverse cultural and religious backgrounds, while providing an environment of growth and nurturing based on Christian values.*

Our Curriculum

- *Balanced activity schedule of active play, learning, rest, and snack times.*
- *Carefully designed balance of visual, kinesthetic and auditory learning, with self-paced experiential learning.*
- *Extended Day coverage provides activities, learning, rest, and trained supervision for your child from 7 am to 6 pm, if needed.*
- *We teach the Christian values of love, wonder, joy, curiosity, thanksgiving, self-control, peace, self-esteem, patience, safety, gentleness and goodness. These virtues are teachings to be valued by most faith communities. They also represent values that help develop good citizens.*
